Business Events Growth Programme
Bid Enhancement & Support

Guidelines 2020/21

12 May 2020
Introduction

The Bid Enhancement & Support strand of the programme supports the bidding process for an international business event not currently held in the UK, to help boost its winning potential.

Financial support is available to support cities in bidding for international business events, up to the value of £20,000 gross per event. Exceptional proposals requiring more than £20,000 per bid, backed by a strong business case may be considered on a case by case basis (subject to available funds). In exceptional circumstances we may consider proposals requiring less than £5,000.

Funds could be used to support the following, indicative activities:

- The bid pitch, including costs of producing the pitch or supporting the attendance of one destination representative at the pitch
- Towards sales and marketing activity on territory at the bid pitch to increase awareness and encourage voters to favour the UK bidder
- Towards media / social media activity in support of the bid, such as industry /sector channels and networks relating specifically to the sector of the event being bid for
- A contribution towards communications and digital activity, website, live streaming, social media, film, webinar, e-newsletters or other content to support the development of a bid
- A contribution towards translation costs of a bid

These serve as examples and VisitBritain welcomes suggestions from applicants on further ideas to attract international delegates.

The following types of activities will not be supported:

- Business as usual costs (e.g. office rent, utilities)
- Compensation payments to employees for loss of office
- Payments that support activity intended to influence or attempt to influence Parliament, Government or political parties, or attempting to influence the awarding or renewal of contracts and grants, or attempting to influence legislative or regulatory action

You will need to set out what activities will be delivered, and by when, in your application as well as a project plan that highlights key delivery milestones and resource/budget allocation.

If you are applying for financial support for multiple bids, you can submit a single application, providing that all bids fulfil the criteria, the activity and spend occurs in this financial year (up to 31 March 2021), and the maximum combined value is £20,000 (incl. VAT). You will need to provide a clear itemised breakdown of the requirements and proposed activity for each bid/ event in the application, and rank the bids in order of priority. Please note, there is no guarantee that all events or activity will be deemed appropriate or offered grant funding.

5. During the assessment process, VisitBritain may require additional information and will communicate directly with applicants to obtain details as required.
