Approach and Sample
VisitEngland commissions online omnibus surveys periodically in order to collect data on the number of GB consumers who plan to take an overnight trip at key times throughout the year.

In this Easter 2017 edition, the survey was carried out on an online omnibus by the research agency Kantar TNS, with a representative sample of 1239 adults aged 16 and over in Great Britain.

The fieldwork for the survey took place between the 6th and 10th of April. Good Friday bank holiday 2017 falls on the 14th of April, while Easter Monday is the 17th of April. In 2016, the Good Friday bank holiday fell on the 25th of March, while Easter Monday was the 28th of March, and fieldwork for the 2015 survey took place between the 17th and 21st of March 2016.

Key Insights
